Cyrus Hovey and Seward L. Merriam, who have been prominent leaders in the Democratic ranks in St. Clair county, Thursday of last week voted at the Republican caucuses in Port Huron. Hovey's vote was challenged and he was sworn in. Hereafter both of them will be known as Republicans. Their action was a surprise to their many friends, but the Republican party in the county has gained two representative men. Merriam opposed Joseph Walsh two years ago for prosecuting attorney, but was defeated by a small majority.
Shortly after eleven o'clock Monday night the sharp peals of the fire bell rang out on the midnight air and in a very few minutes citizens and firemen from every part of the village were on hand to assist in extinguishing the flames. To their dismay and disgust it was found that a dry goods box had been placed in the street between Putney & Chamberlain's store and Dr. J. B. Stevens' office and set afire. Many who had been aroused from a refreshing sleep were very angry and well they might be, for it is not the first time this has occurred in the past few months. The Village Council thinks that this work has gone far enough and offer a reward of \$25.00 for information leading to the conviction of the person or persons who set the fire and then gave the alarm Monday night. It is sincerely hoped that the guilty persons will be brought to justice.

Dr. Walker Says Chronic Diseases are no Longer Incurable.

Doubtless there is not a more successful specialist on Chronic Diseases in America today than Dr. W. C. Walker, of Detroit, who visits Yale regularly each month, at the Rapley House. The Doctor cures nine-tenths of all cases by his advanced methods and scientific treatment. Indeed, so great has been Dr. Walker's success in his various specialties, that his practice is no longer confined to the State of Michigan, but extends to all parts of the United States and Canada. Therefore, if you have been unskillfully treated, consult Dr. Walker at once and receive both honorable and scientific treatment at the Rapley House, Tuesday, September 13. Office hours from 9:00 a. m. to 6:00 p. m.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on Grant Holden, Druggist, and get a trial bottle free. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

What are these remedies?
Fresh air, proper food and

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

And it is all druggists.

Of Interest to the Traveler.

The most fastidious epicure could not find fault with the excellent service now furnished the patrons of the Grand Trunk Railway System on the Dining Cars running on the through trains, between Chicago and Eastern points. Nothing but words of praise is heard from those who have had the good fortune to sit down to a dinner or supper on one of these comfortable and handsome cars. Mr. J. Len, late of the Windsor Hotel, Montreal, is now in charge of one of the diners, and the passengers are assured of a most liberal table, a good service, and an excellent cuisine.

When a man's house is heavily insured and burned, there are always people who look suspicious about it.
